YACHTBEACH, a premium brand, brings a new dimension of luxury and convenience to life on the water with its innovative, modular inflatable platforms. Yachtbeach is more than just a platform, it is your gateway to a world of possibilities. Whether you're lounging with friends, extending your yacht's living space, docking your favorite water toys, or creating a custom floating oasis, Yachtbeach offers unparalleled versatility and elegance.

Crafted with superior quality & precision, Yachtbeach combines German engineering with elegance & durability, ensuring every moment spent on the water is unforgettable. The high-quality, durable inflatable products can be easily connected to form various configurations, such as swimming platforms, sunbathing & lounging areas, or docking spaces for jetskis, e-boards, foil boards, dive scooters, tenders, SUPs and more.

Yachtbeach isn't just functional; it's a symbol of innovation and style. Superior surface materials create unmatched feelings & with customizable layouts, and premium accessories – loungers, sunshades, ladders, and more – Yachtbeach turns the water surrounding your yacht into a private haven, perfect for relaxation or entertainment.

Whether you're anchored in a serene bay or enjoying a day at sea, Yachtbeach lets you make the most of every moment.

Ready to enhance your water lifestyle? With Yachtbeach, luxury isn't optional – it's guaranteed. Powered by German engineering and designed with superior surface materials, Yachtbeach delivers unmatched feelings of elegance and comfort. Explore Yachtbeach and start building your custom floating oasis. Your perfect day on the water begins here!

The Global Network of YACHTBEACH by SPINERA

YACHTBEACH combines European design, precision engineering, and global expertise to create premium floating platforms and water lounges.

Our products are designed and developed in Germany and Austria, produced with care in China, and distributed worldwide from our logistics centers in Germany, China, and the USA.

This global setup allows us to offer short delivery times, consistent quality, and efficient service — wherever you are in the world.

Our Dealers

Global Network • Local Support

With over ***100 authorized dealers and service partners*** located in the world's most important marinas, YACHTBEACH ensures premium support wherever our customers are.

Our partners not only represent our brand but also provide professional ***after-sales service*** — guaranteeing that every YACHTBEACH product continues to deliver excellence long after delivery.

TIMELINE
of Yachtbeach Innovations

2019

YACHTBEACH launched its journey with the first ***floating platforms, pools,*** and the ***JetXtender*** — innovations that defined the foundation of modular water experiences. This year also saw the creation of our ***Handle Connection System***, allowing quick, secure, and flexible links between multiple platforms — a key feature that still defines YACHTBEACH today.

2020

Building on our debut, 2020 brought the ***Teak Design Pools, the Multi Dock***, and the beginning of our ***Air Furniture line***. This year also marked the start of our ***watertoys and watersport dock*** segment — a product category in which YACHTBEACH would soon become a global leader. These developments emphasized refined aesthetics, enhanced usability, and a new level of comfort on the water, reflecting our commitment to merging luxury design with practical, lifestyle-oriented solutions.

2022

Over 2021 and 2022, YACHTBEACH expanded its range with ***docks for Jetskis and Foils***, alongside new ***Teak Design Platforms.*** These products highlighted adaptability and lifestyle-oriented design, catering to modern water sports enthusiasts and private users alike.

2023

In 2023, we introduced a series of landmark innovations: the ***Hex System and the first Pavilion Hex***, offering modularity and versatility like never before. Additional highlights included ***Slides***, ***always on Stock*** program, the ***DS Lounger*** as well as Accessories such as the Bucket and further development on the ***Air Furniture Line*** — all designed to elevate the floating experience.

2024

2024 marked a year of expansion with the launch of ***Superior Pool Platforms*** featuring ***8-meter-plus dimensions,*** alongside the ***Foil Ramp.*** These products reinforced YACHTBEACH's position as a leader in large-scale, premium floating solutions. In addition, the platforms were designed to accommodate ***sunroofs***, providing shade and enhanced comfort, and further elevating the luxury and usability of our floating experiences.

2025

Continuing innovation into 2025, we introduced a ***new Ladder, Steps, the Pavilion Square***, and custom ***Pickleball*** setups. These additions focused on enhancing usability, customization, and fun on the water, ensuring every platform meets lifestyle and leisure needs.

2026

Looking ahead to 2026, YACHTBEACH will unveil the ***In-Water Lounger and Shell Sofa*** — products designed for ultimate comfort and relaxation, further blending luxury, modularity, and water-bound living.

YACHTBEACH Handle Connection Systems

Our Yachtbeach Connection Systems allow an easy & fast connection between different Yachtbeach products above the water, which enables multiple connection options. They consist of a buckle and a Velcro, which is especially made for marine use. The buckle provides maximum strength and the crocodile Velcro offers a comfortable aesthetic finish.

HANDLE CONNECTOR PRO

- Material: 0,9mm 1000D/28x26 Reinforced PVC
- Inside with 1,5" Stainless Steel Buckle
- allows for very comfortable and easy to use handling
- enables multiple connection options
- quick and easy installation

› 12 point YACHTBEACH handle connection system

YACHTBEACH 12-point Handle Connection Systems

D-RING CONNECTOR

Provides additional support to thehandle connector pro for open sea and usage in wavy places.

- - Heavy Duty Connection Strap to connect 2 D-Rings
- - 1.5" Strap, length is about 118cm
- - Perfect to connect 2 D-Rings with up to 55cm distance
- - Professional 1.5" Stainless Steel #316 Buckle

YACHTBEACH PLATFORM WITH EVA TEAK DECK

With the new and innovative yacht platforms from YACHTBEACH you can create your own small beach directly at the boat or as an elegant bathing terrace in your pond or lake. This high-end product impresses with its elegant and noble design. With it you treat yourself and your passengers to a perfect bathing island for reading, relaxing and swimming. YACHTBEACH is also the perfect platform for fitness, yoga and mindfulness as well as a floating party lounge for social evenings with friends.

This pieces of freedom can be combined multifunctionally and in various ways. The connection allows the perfect docking station for Jet Ski, Tender, Seabob, SUP and much more.

Characteristics:
- made of 20 cm dropstitch

PAVILION BEACHCLUB SYSTEM

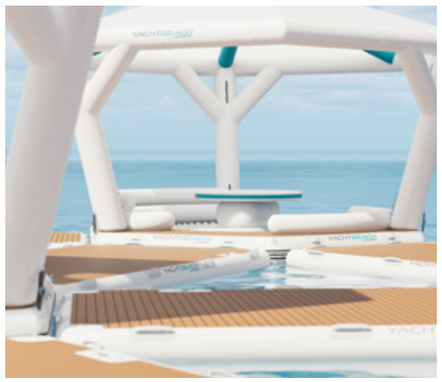

YACHTBEACH PAVILION BEACHCLUB SYSTEM

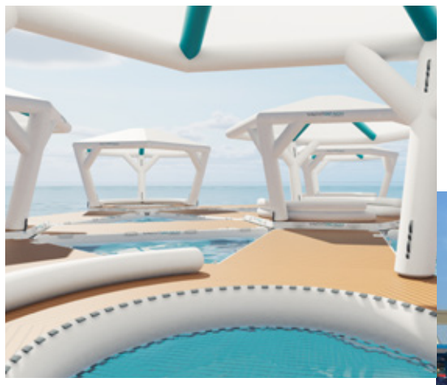

Measurements:
Pavilion Platform - 410 x 355cm
Pavilion Tent - 500 x 430 cm / 185cm open height
Capacity:
Up to 8 Person

The Pavilion redefines event architecture with its drop stitch inflatable structure, providing a stylish and weather-resistant space that seamlessly blends outdoor charm with indoor comfort. Feeling in connection with water and enjoying the comfort of The Pavilion gives more value to every set-up. It consists of different elements and is a modular system. We have the base platform with interchangeable floor options and a tent which offers you shade and also has different options for the top cover. When you struggle with low sun, there is also an addon available, you can add curtain elements on the tent to have better shade in different situations. For maximum comfort we offer the Pavilion Sofa and the Backrest, as well as a table which fits perfectly in the middle. These elements can also be used separately on the beach as a comfortable lounge setup.

HOW TO PLACE YACHTSTEPS ON 4.10 PLATFORM

YACHTBEACH MAGIC YACHTSLIDE

Discover the exciting fun on the water with the inflatable Yachtbeach Magic Yachtslides in 6 different sizes – 270-350 cm, 380-460 cm, 460-540 cm, 540-620 cm, 620-700 cm & 700-780 cm.

The Yachtbeach Magic Yachtslides are the perfect addition to your yacht or boat, providing hours of water fun for you, your family and your friends. With their premium design and impressive features, they make for unforgettable moments on the water.

Size Options: We offer the Yachtbeach Magic Yachtslides in three different sizes to suit your individual needs. Choose from the 460-540 cm, or 540-620 cm option for more compact yachts or boats, the 620-700 cm option for mid-sized watercraft, or the 700-780 cm option for larger luxury yachts. No matter which size you choose, water fun for the whole family and friends is guaranteed! Experience the thrill of sliding on the water and create unforgettable memories with your loved ones.

High-quality materials: each Yachtslide is made of durable and high-quality material that ensures long life and reliability. The sturdy seams and reinforced joints ensure that the yacht slide can withstand the rigors of water and use.

Easy to Install: Yachtbeach Magic Yachtslides are easy to inflate and install. With the help of a powerful electric pump, the slides are ready for use in no time. The slide attaches securely to the side of your yacht and provides easy access to the water.

Exciting slides: Yachtbeach Magic Yachtslides are specially designed to provide an exhilarating sliding experience. With their smooth curves and non-slip surfaces, they guarantee a safe and fun ride into the cool water. Young or old, everyone will love the thrill and joy of sliding on the water.

CUSTOM
MADE PRODUCTS

Let us build your dreams together! Yachtslides, climbing walls, pools, docks, or something different? There is NO LIMIT. Yachtbeach offers you uncountable possibilities to create more: space, freedom & fun!

Due to our experience in the watersports and superyacht industry we are able to develop innovative products of highest quality to meet the high demands. Our skilled team from POD International is at your side with help and advice starting from step one.

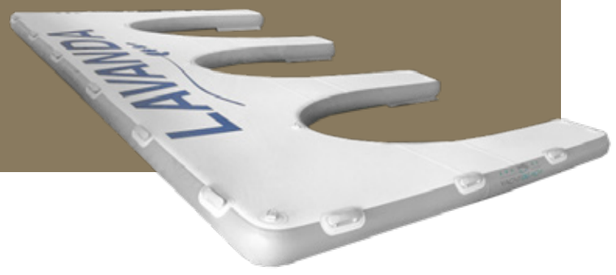

Material

German companies and their products have a good reputation. We want to comply with this and use only the most innovative and high-quality raw materials for our products. Only fabrics that have passed all tests such as sequencing resistance, UV resistance, riptests, longevity are included in the extensive selection. With our D- rings, we only use saltwater-resistant steel. PVC, PVA are selected according to German standards. Durability, highest quality and material is our priorty.

Branding

No wish remain unfulfilled at Yacht beach, we can place the name of your yacht freely on your platforms on request. Your yacht appears including the Water toy area in one color and style if needed. We can place the name of your yacht, or a logo on any design on request – no wish remain unfulfilled at Yachtbeach

Surface

EVA surface: soft and very comfortable material

Anti Slip surface: smaller in storage and suitable for projects where you would need more grip (work platforms, walkways etc.)

On bigger projects we also fully glue the surface material as it is easier to clean and care for. It also assures a flat looking EVA.

Choose from different surface options:

22422
EVA Teak

22424
Anti Slip sanded PVC white

Custom-made products without compromises

All products can be customized and combined with each other, due to our fast and very strong handle connection system. Our experienced team is able to provide you within 1-2 days 3D renderings, that will perfeclty fit to the rear of the yacht.

All bigger customized product will have 2 valves, in this way you can work with 2 hoses to inflate the product, which allows approx. 50% faster inflation. If you have 2 pumps the inflation will obviously be 100% faster.

Welcome to the world of floating luxury!

The set up of Yachtbeach platforms is soo easy! Due to lightweight, very robust and durable materials, we reduce weight in the right places to make a very easy build-up.

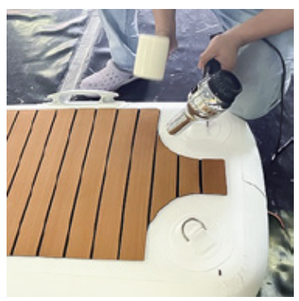

The theme of set-up is 100% based on simplicity for crew and people who are busy with the assembly and dismantling. Crew suggestions help us to bring the Yachtbeach products further forward and to stand out through design, innovation, durability and crew friendliness. Because the Yachtbeach team deliberately includes these phases in their development process.

Yachtbeach Custom is the realization of any idea that a customer addresses to us. Starting with the contact, very fast processing, over the solution finding up to the logistics with air freight.

On request, a Yachtbeach Instructor will be happy to look after your crew and give advice on the set-up, set-down, storage and care of Yachtbeach products , if needed.

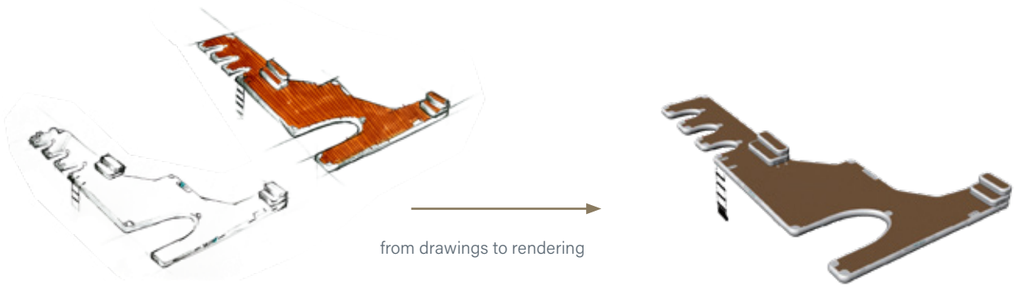

HIGH QUALITY PRODUCTS

CUSTOM JETSKI AND TOY DOCKS

You need a space for all your watertoys which fits your needs exactly? We can make your dream come true and design the dock as you need it.

Create space for your Jetski, e-board, foil board, dive scooter, or would you need a work platform, or in general more space on the water? We have the solution for you - our platforms are made of 20cm high quality drop stitch material and simple to install, to remove and even to transport. Within minutes one platform is inflated and ready to float. D-rings, handles, bumpers, bathing ladders can be added as needed and of course, a branding with your yachts name or logo is possible as well.

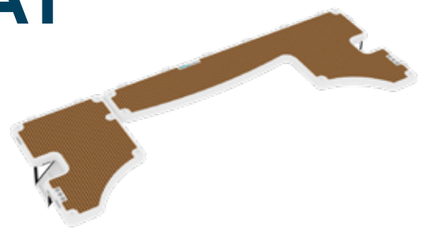

CUSTOM SLIDE

Yacht slides are incredibly popular with guests and a perfect add on to any yacht. Our team has designed and installed hundreds of slides on yachts in the world. All slides are custom fitted to each yacht, a logo, or kicker can be added as well. We are glad to provide a solution for a custom slide, that will perfectly match to the colourways of your yacht and that will make installation easy for the entire crew.

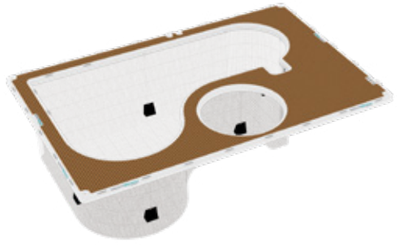

CUSTOM GATEWAY

Our custom gateway is designed to perfectly match to the rear of the yacht no matter whether the shape of the yacht is concave, curved or straight. Together with our experienced team we could guarantee a perfect match without any compromises. Directly from the gateway you could dock onto any Yachtbeach stock products (such as foil dock, jetski dock, platform, multi dock etc.) or to any custom dock or platform, so you could create more space, freedom and fun behind your yacht!

CUSTOM POOL

Yachtbeach Custom Pools are made to ensure maximum safety against unwanted sealife, such as jellyfish or other creatures and provide more fun and comfort at your boat.
20cm high quality drop stitch material ensures maximum stability to walk around, or to have some additional space to lounge. We try to keep storage as minimal as possible. Bigger pools can be made out of more pieces, which makes handling for the crew easier. Our experienced team, which is very close in contact with a lot of different crew members will work out the perfect solution for your yacht.

CUSTOM TOY DOCK

Individual setup configuration for all the watertoys you need space for. The different dockings for specific products can be arranged as you need it with the help of our team.

CUSTOM PICKLBALL COURT

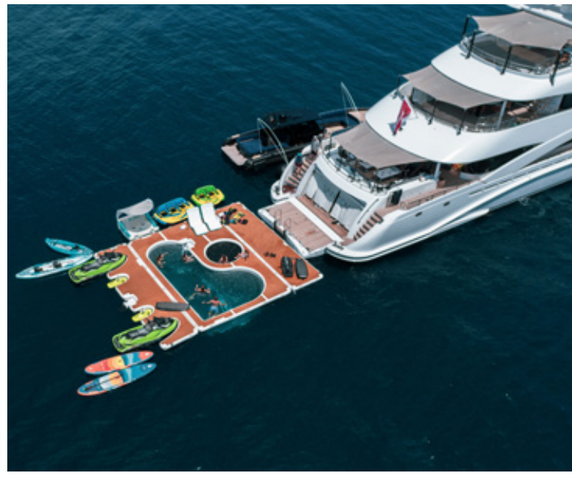

The first inflatable pickleball court for yacht and events.
Experience the thrill of pickleball like never before – on water.
The YACHTBEACH Inflatable Pickleball Court brings one of the world's fastest-growing sports to the sea, lake, or beach in a luxurious and innovative way. Whether floating behind a yacht or set up onshore at an event, resort, or beach club, this inflatable court turns any waterfront location into a premium sports arena.

JETXTENDER - EXTEND YOUR JET SKI

Jet Ski or Dinghy? BOTH!
Have the ultimate fun on your Jet Ski with space for 6 more people! This innovative Jet Ski extension is the biggest party on the water! EU Certification as a boat!

JETXTENDER is an indispensable accessory for your Jet Ski. It looks and feels like a regular inflatable boat, but attaching it to a Jet Ski means no more outboard motor! Jet Ski owners love speed and manoeuvrability, but miss the room to take more passengers along. The JETXTENDER offers them the best of both worlds.

JETXTENDER is light and packs up so small that you can carry it on your Jet Ski. It inflates in just moments and is easy to attach. You can ride it with agility through very shallow waters. JETXTENDER also works great at both - high and low speeds, making it unrivalled in both - recreational or rescue applications.

With the Jetxtender you can take 6 people at maximum with you plus the additional person on the Jet Ski.

You can use it with any other Jet Ski, for extra space, buoyancy, stability, safety or visibility.

YOU WILL LOVE THIS GADGET!
